

New Frisco ZIP Code – 75033

Effective July 1, 2011

Questions and Answers

- Q. Why is the U. S. Postal Service changing my ZIP Code?
- A. *Usage in the current ZIP Code, 75034, has grown along with the City of Frisco and is running out of +4's. The +4 is the number after the 5-digit ZIP Code. For example, in 75034-6789 (6789 is the +4). Plus 4's are needed to help sort, ship, and deliver your mail more efficiently.*
- Q. Is my street address changing?
- A. *No, only the ZIP Code is changing. For example,*

<i>888 Main Street</i>	<i>Changing to: 888 Main Street</i>
<i>Frisco, TX 75034-9999</i>	<i>Frisco, TX <u>75033-9999</u></i>
- Q. What area will have a ZIP Code Change?
- A. *The area north of Main Street, west of State Highway 289 (Preston Road), east of FM 423, and south of U.S. Highway 380 will have the new ZIP Code of 75033. Refer to the ZIP Code change map. **(Odd numbered addresses on Main Street are in ZIP 75034, even numbered addresses on Main Street are in the new ZIP 75033. FM 423 between Main Street and Eldorado Parkway is in the new ZIP 75033.)***
- Q. How many addresses are changing?
- A. *Number of delivery addresses changing:*

<u>Residential</u>	<u>Business</u>
<i>10,085</i>	<i>401</i>
- Q. What do I need to do?
- A. *If you live in the area with the boundaries above, you will need to notify your correspondents of your new ZIP Code. The Post Office can provide a postcard for your use to notify your magazine and newspaper suppliers. **DO NOT SUBMIT A CHANGE OF ADDRESS REQUEST TO THE POSTAL SERVICE.***
- Q. Will my mail be delayed because of this change?
- A. *No, you should not experience any delays in mail delivery. The Postal Service mail processing equipment will be set up to recognize the addresses in the new ZIP Code. However, you will still need to notify your correspondents of the change.*
- Q. I live in the 75035 ZIP Code area, is my ZIP Code changing?
- A. *No changes are being made in the 75035 ZIP Code area at this time.*
